

RAL200 - Auxiliary light with rear view camera Ø 200 mm - 600 mm

As an expansion for the pipeline inspection system ROVION® an auxiliary light with built-in backeye camera is available. It offers the required additional illumination for dark or large inspection areas. Moreover when moving backwards the camera cable can be permanently kept in sight due to the backeye camera. The backeye camera is controlled through the control panel.

TECHNICAL DATA - RAL200

Nominal pipe widths	as of DN 200 up to DN 600
Pressure tightness	up to max. 1 bar
Internal pressure sensor	yes
Illumination	6 HighPower LEDs
Special features	integrated backeye camera
Protection class	IP68 up to 10 m water depth
Ambient temperature range	0 °C - 40 °C
Storage temperature range	0 °C - 40 °C
Material	aluminum
Dimensions (L x W x H)	102 x 72 x 33 mm
Weight	0.6 kg

- Powerful homogenous illumination
- Light control from 0 - 100%
- Integrated backeye camera
- Brightness adjustable in 10 steps
- Camera picture in color
- Internal pressure indication via system status VC200 / DCX5000
- Simple, fast installation
- Optionally available as EX version
